Yamatake Group at a glance

Business Structure	Yamatake Group	ISO Certification	Business Activities	Sales Figures
---------------------------	----------------	-------------------	---------------------	---------------

Building Systems Company

Development, design, manufacture, sales, rental, installation, maintenance, import/export, testing and inspection of instruments, equipment and systems for building automation

Advanced Automation Company

Development, design, manufacture, sales, rental, installation, maintenance, import/export, testing and inspection of instruments, equipment and systems for industrial automation and factory automation

Headquarters operations

Corporate planning,
Finance, Human
Resources, General
Affairs, etc.

International Business

Local production, product development for overseas markets and maintenance service

New Businesses

**Environment Business,
Home Comfort Business,
Vision Sensing
Business, Care Services**

Organization

Organizational chart

Number of employees: Yamatake Corporation 5,600

(As of April 2006)

Yamatake Group

[Domestic]

- **Yamatake** Development, manufacture and sales of measurement and control products and systems
- **Yamatake & Co., Ltd.** Trading firm dealing in control equipment, and main distributor of control components manufactured by Yamatake
- **Yamatake Control Products Co., Ltd.** Manufactures parts and assembles components for YG and other companies
- **Yamatake Expert Services Co., Ltd.** Placement service to promote employment of Yamatake retirees
- **Yamatake Friendly Co., Ltd.** Employs persons with disabilities for various jobs at the factories, such as cleaning and mail delivery
- **Yamatake Care -Net Co. Ltd.** Provides nursing care services for the aged
- **Safety Service Center Inc.** Sales of emergency medical dispatch services, as well as home medical care and consultation
- **Taishin Co., Ltd.** Development, design and manufacture of electronic equipment, and manufacture of printed wiring boards
- **ESD Co., Ltd.** Development, manufacture and sales of various automatic control equipment and computers and sensors for horticulture
- **SecurityFriday Co., Ltd.** Development and sales of software specializing in network intrusion protection
- **Kimmon Manufacturing Co., Ltd.** Manufacture and marketing of measuring equipment (for town gas, LP gas, and water supplies)

Company History

- 1906** Yamatake Shokai established by Takehiko Yamaguchi
- 1952** Technical license agreement signed with Honeywell
- 1956** Corporate name change to Yamatake-Honeywell Keiki Co., Ltd.
- 1961** Yamatake-Honeywell stock listed on Tokyo stock exchange
- 1966** Corporate name change to Yamatake-Honeywell Co., Ltd
- 1969** Yamatake-Honeywell stock listed under the First Section on Tokyo Stock Exchange
- 1998** With reorganization of the Yamatake Group, Yamatake-Honeywell changes its name to Yamatake Corporation
- 2002** Yamatake Corporation repurchases shares from Honeywell, formally ending equity relationship between the two companies
- 2003** Yamatake Corporation, Yamatake Building Systems, Co., Ltd., and Yamatake Industrial Systems, Co. Ltd merge into a single company
- 2005** Yamatake acquires preferred shares of Kimmon Manufacturing

Yamatake's founder
Yamaguchi Takehiko

ISO 9001 certification

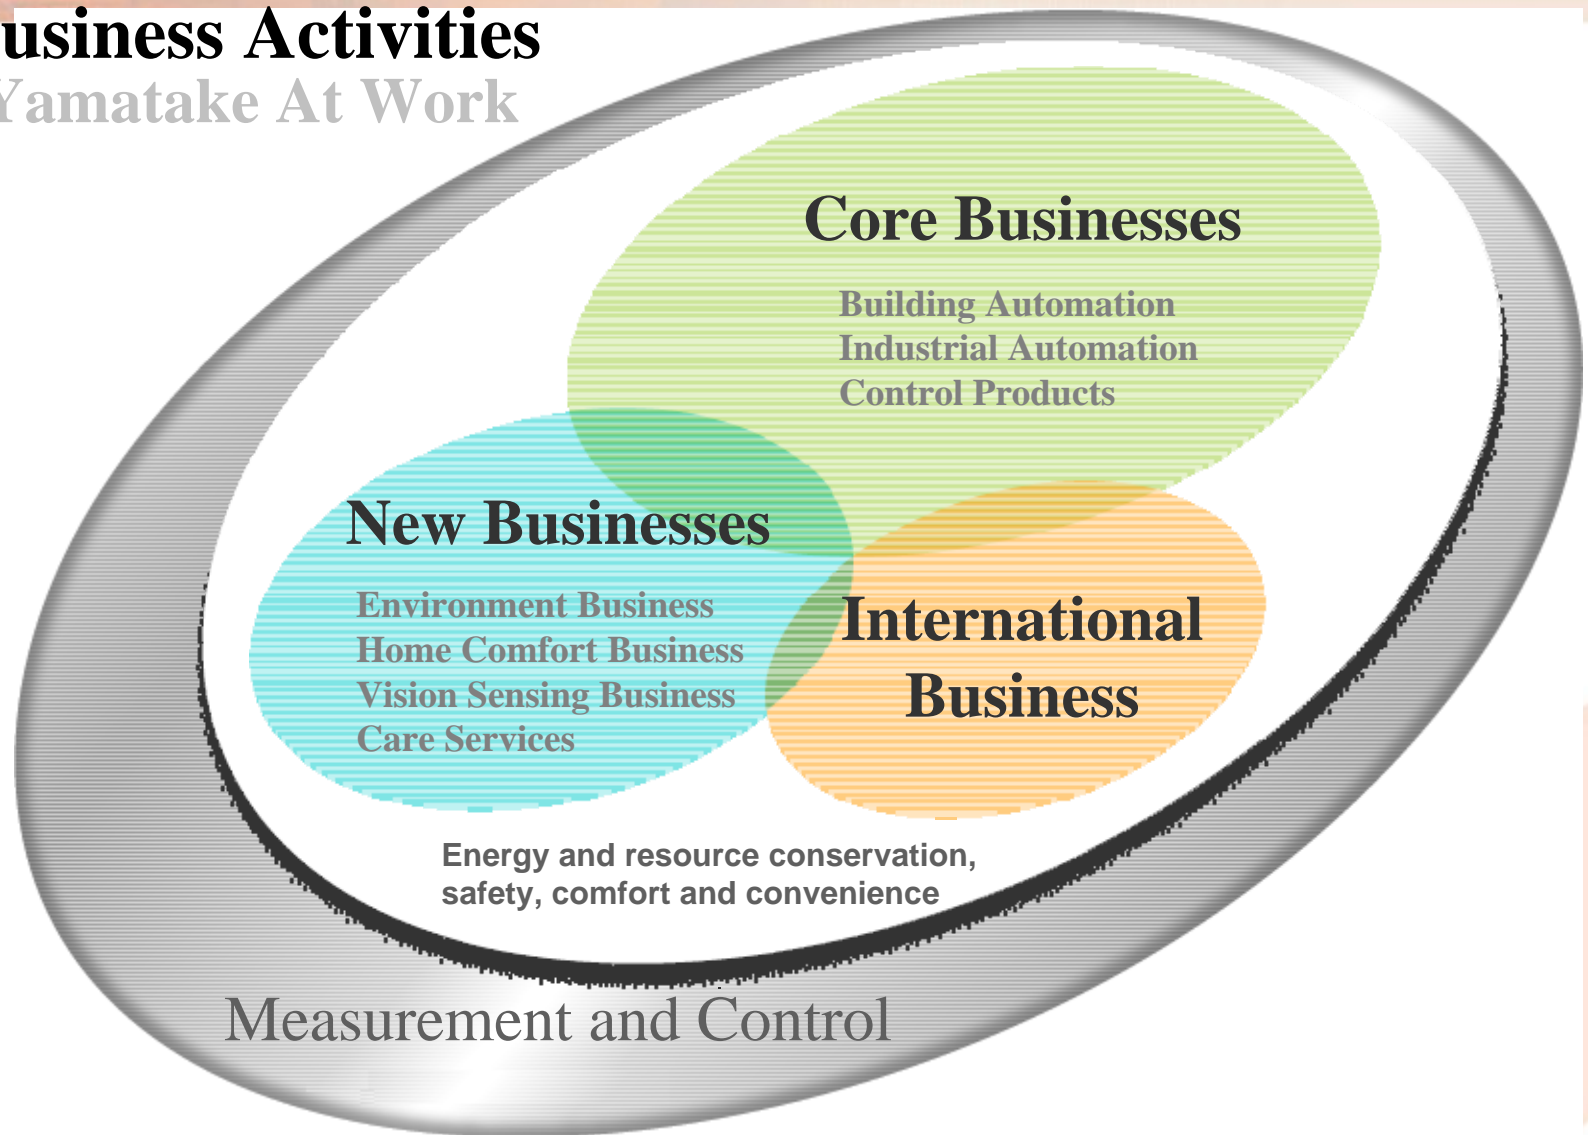

Factory/Company	Acquired	Field
Yamatake Corporation Fujisawa Factory Shonan Factory Isehara Factory Isehara Factory	Oct 1991	Development, design, manufacture and testing of temperature controllers, proximity switches, photoelectric switches and other sensing products
	Jul 1992	Development, design and manufacture of field instruments, control valves, panels and application systems for instrumentation and management of process automation and factory automation
	Jun 1994	
	Jun 1997	Development, design, manufacture and testing of building automation systems and components
Yamatake Building Systems Co., Ltd. (the present Yamatake Corporation Building Systems Company) Isehara Factory Headquarters Branch Offices Acquired by whole company	May 1999	Development, design, manufacture, testing, sales, engineering, construction, adjustment and maintenance of building automation systems and components, and building management
	June 1997	
	May 1999	
	Nov 2000	
Yamatake Industrial Systems Co., Ltd. (the present Yamatake Corporation Advanced Automation Company) Headquarters and main offices	Jul 1994	Development, design, manufacture, sales, rental, installation, maintenance of instruments, equipment and systems in industrial automation and factory automation
	Nov 1996	Sales of industrial automation and safety equipment
Yamatake & Co., Ltd.	Oct 1994	Electronic instruments, mechanical parts, diecasts
Dalian Yamatake Control Instruments Co., Ltd.	Sept 1998	Basic switches, diecasts
	1999	Air-conditioning control valves, Mecastat, ECOVAL
	2000	Industrial valves, air-pressure switches
Taishin Co., Ltd.	Jun 1999	Electronic control units
Yamatake America Inc.	Nov 2000	Design and manufacture of valves, instruments
ESD Co., Ltd.	Dec 2000	Development, manufacture and sales of various automatic control equipment and computers and sensors for plant cultivation
Yamatake China Ltd. ShenZhen Factory	May 2003	Manufacture of sensors, temperature regulators, control valves and relays
Yamatake Controls Singapore Pte. Ltd.	May 2003	Sales, technical support, project management, configuration and maintenance of control systems and related products for process automation, building automation and factory automation.
Yamatake Korea Co., Ltd.	Jul 2003	Design, development, manufacture, installation, maintenance, and servicing of building automation systems, electric air cleaners, transmitters, control valves, digital indicating controllers, mass flow controllers, and mass flow meters; and for the design, installation and servicing of process control systems and intelligent building systems.
Shanghai Yamatake-SIC Environmental Control Technology Co., Ltd.	Jun 2005	Design, Research, Manufacture and Services of Controlled System of Building Automatization and Industry Automatization
Shanghai Yamatake Automation Co., Ltd.	Aug 2005	Manufacture and service of DCS distributing controlling system, intelligent transmitters and adjusting valves

ISO 14001 certification

Factory/Company		Acquired	Field
Yamatake Corporation	Fujisawa Factory	Aug 1996	Manufacture of control equipment
Yamatake Corporation	Shonan Factory	Nov 1996	Manufacture of field instruments for measurement and control
Yamatake Corporation	Isehara Factory	Mar 1997	Manufacture of building automation systems and industrial automation systems
Yamatake Control Products Co., Ltd		Sept 1997	Manufacture of electric instruments and machinery products
Taishin Co., Ltd.		Jul 2000	Electronic control units
Dalian Yamatake Control Instruments Co., Ltd.		Dec 2001	Manufacture of control equipment, field instruments for measurement & control
Yamatake Building Systems Co., Ltd. (the present Yamatake Corporation Building Systems Company)		Dec 2001	Development, design, sales and maintenance of building systems
Yamatake Industrial Systems Co., Ltd. (the present Yamatake Corporation Advanced Automation Company)		Sept 2002	Development, design, sales and maintenance of industrial systems
Yamatake corp. Headquarters and main offices		Apr 2003	Control products business, International business, environment business, corporate staff

Building Automation

“BOSS-24”

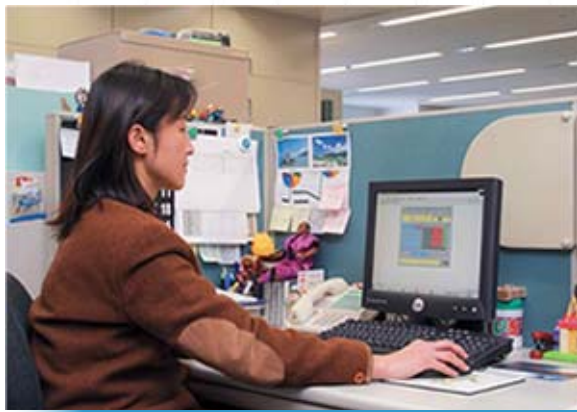

Total building management

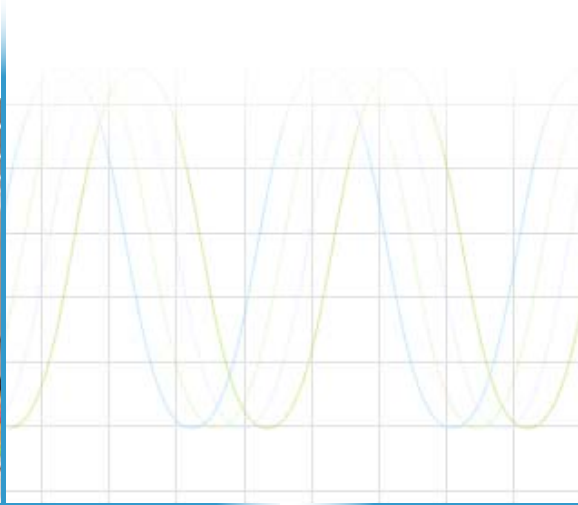

“savic-net™ FX” series
Network building
automation system

Building Automation

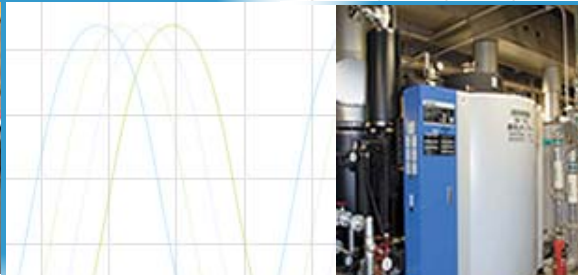

Toys "R" Us-Japan, Ltd.

Kohoku General Hospital

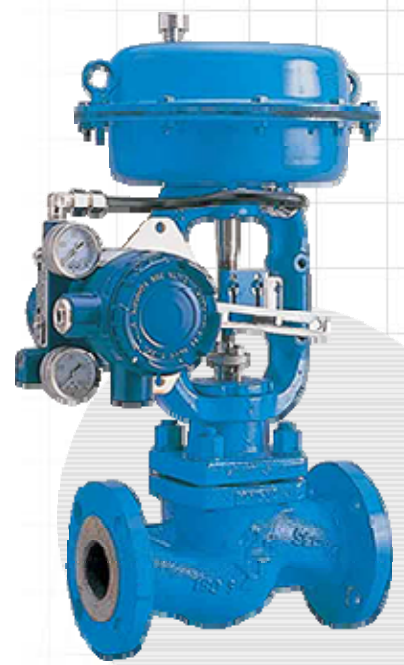

Advanced monitoring and control of the stores' utility management systems

Energy-saving measures reduce high running costs

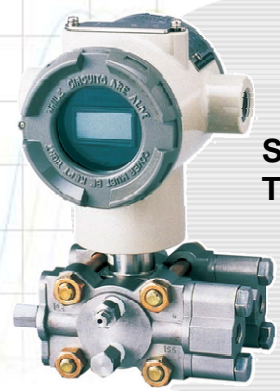

Industrial Automation

**Control Valve
CV3000 Alphaplus™**

**Electromagnetic Flowmeter
MagneW™3000 PLUS**

**Smart Pressure
Transmitter ST3000**

Harmonas-DEO™

- Transmitters
- Sensors
- Flowmeter
- Control valves
- DCS systems
- Application package
- Maintenance
- Programming

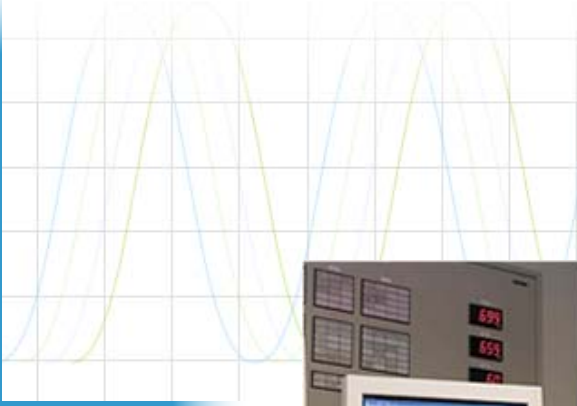

Industrial Automation

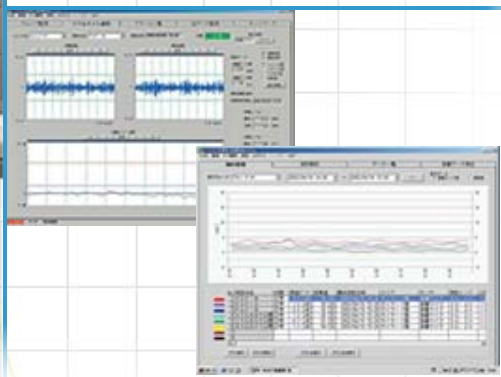

**Toyota Motor Corporation
Kinuura Factory**

Installed Harmonas™
Automation System

Shinko Kobe Power Inc.

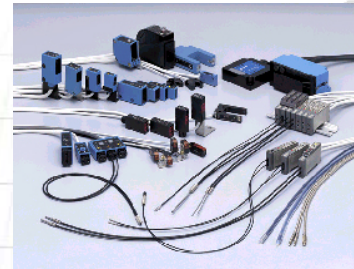

Installed PlantWatcher™-type A,
a remote monitoring and diagnostic system, Japan

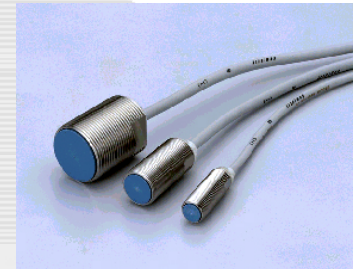

Control Products

SDC™15/25/26/35/36
Digital Indicating Controller

Photoelectric Sensors

Proximity Sensors

Limit Switches

DMC™10
Distributed Multi-Channel Controller

DMC™50

Process Sensors

- Sensors (Micro Flow sensor, vision sensors, Earthquake sensor)
- Temperature controllers
- Recorders
- Electronic air cleaners
- Operation panel
- Flame safeguards

Control Products

**Switches for Safety in a Nuclear Power Plant
Tokyo Electric Power Company
Kashiwazaki-Kariwa nuclear power plant**

**Semiconductor manufacturing machinery
supported by electric/electronic components
NEC Machinery Corporation**

1LS19 limit switches installed on an FPC air tank exit valve.

Supporting heat treatment process
Digital Indicating Controller SDC™10

Multi & Distributed
remote controlling
HPX-NT,-ET series

CMS gas mass flowmeters
for gathering accurate
measurement data on the
amount of compressed air

New Businesses

Trace Navi
PC-based data tracking and management system

Home Comfort Central air-conditioning system

Environment Business

International Business

ArcCyber Co., Ltd.
(Thailand)

Great Eastern Life Assurance Company
Limited (Malaysia)

Installed savic-net™ EV
integrated building automation
system

International Business

Doosan Tower (Korea)

Tianjin United Chemical Corp.(China)

Installed electronic air cleaner for smoking areas

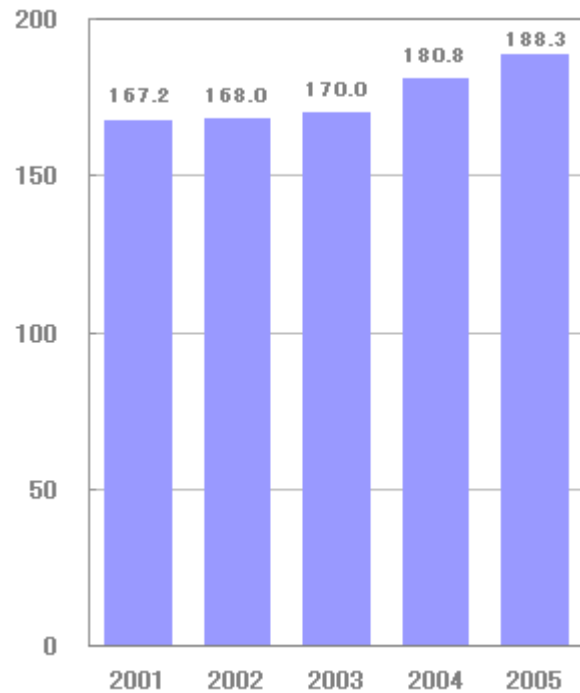

Installed 135 units of CV3000 and SVP3000 Alphaplus
