

12. Accessories

12-1. HTP Positioner

12-1-1. HTP Positioner unit and Bracket (standard)

(1,000 yen)

Description	Part No	Price	Mounting Bracket	Remarks
HTP(for AOM) *1	*1	113.1	*2	With pressure gauge
HTP(for AOM) *1		118.3		With pressure gauge and bypass (standard)
HTP(for GOM) *1		113.1		With pressure gauge
HTP(for GOM) *1		118.3		With pressure gauge and bypass (standard)

Note 1) For GOM, only actuator models 83S, 84S, 103S, 124S are available.

Note 2) As for mounting brackets, the parts numbers differ depending on the actuator. Consult with us before ordering.

Note 3) Pressure gauge kgf/cm² is for non-domestic use only. It is not available for domestic use.

*1 Select a model number from the "HTP model No. Selection" table on page 12-2 and refer to page 12-3 through 12-6 for part numbers and prices. If there is a model number that cannot be found in the table on pages 12-3 through 12-6, write down in the order sheet "80HTP000-00000" in the part number column, and the "model number" in the description column.

*2 Order mounting bracket by selecting the parts number from the table below.

Consult with us for SUS specification.
