

12-2. VPP Positioner

12-2-1. VPP Positioner unit(Standard)

(1,000 yen)

Description	Part No.	Price	Mounting Bracket	Remarks
VPP02 Select a model number from the model number table. And write it in the part's description column.	*1	125	*2	Pressure gauge kgf/cm ²
		135		Pressure gauge kgf/cm ² Y138B
		125		Pressure gauge kgf/cm ² NPT
		135		Pressure gauge kgf/cm ² Y138B NPT
		125		Pressure gauge kPa
		135		Pressure gauge kPa Y138B
VPP03 Select a model number from the model number table. And write it in the part's description column.	*1	125	*2	Pressure gauge Kgf/cm ²
		135		Pressure gauge Kgf/cm ² Y138B
		125		Pressure gauge Kgf/cm ² NPT
		135		Pressure gauge Kgf/cm ² Y138B NPT
		125		Pressure gauge kPa
		135		Pressure gauge kPa Y138B
VPP08 Select a model number from the model number table. And write it in the part's description column.	*1	125	*2	Pressure gauge Kgf/cm ²
		135		Pressure gauge Kgf/cm ² Y138B
		125		Pressure gauge Kgf/cm ² NPT
		135		Pressure gauge Kgf/cm ² Y138B NPT
		125		Pressure gauge kPa
		135		Pressure gauge kPa Y138B

Note 1) Pressure gauge kgf/cm² is for non-domestic use only. It is not available for domestic use.

Note 2) If the length of the feedback lever is a special length, consult with us with the existing production number.

*1 Select a model number from the "VPP Model No. Selection" table on page 12-14 and refer to page 12-15 through 12-18 for parts numbers and prices. If there is a model number that cannot be found in the table on page 12-15 through 12-18, write down in the order sheet "80VPP□□0-00000" in the part number column, and the "model number" in the description column.

*2 Consult with us with existing production number.
