No. 06-A-0025E

Date: June 22, 2006
To: Those listed
Issued by: I. Yuminaga, Sales Department 1
Subject: SKM Memory Proximity Card Temporary Availability
Purpose: To announce the temporary availability of some SKM models
Summary: The SKM was obsoleted in October 2005, as announced in Bulletin 05-A-0051E. Responding to user requests, we are now supplying some SKM models again for a limited period. Since the SKM will soon be discontinued by the supplier, we will stock all required amounts for the supply period.

Limited supply models:

Model	Description
SKM032A	32KB, SRAM with internal battery*1
SKM064A	64KB, SRAM with internal battery*1
SKM128A	128KB, SRAM with internal battery*1
SKM032E	32KB, EEPROM
SKM064E	64KB, EEPROM*2
SKM128E	128KB, EEPROM

*1 Battery life is approx. 5 years. To ensure battery quality, Yamatake will supply the product for at most one year following purchase from the supplier (until Sep. '07 at the latest).

*2 Available starting from October 2006 or later.

Limited supply period:

Starting date: Immediately (October 2006 for the SKM064E)

Expiration date: When Yamatake stock is used up
