[Information]

Title: DTM download site is now available in the azbil group website.

1, Overview

On May 9th, 2011, Yamatake was pleased to open the DTM (Device Type Manager) software download site regarding their measurement & control device products in the azbil official website and created an environment from which their customer can download them anytime, anywhere, freely.

URL http://www.azbil.com/products/bi/iap/products/hfbs/hfbs_download_dtm.html
