External Sales : Brett Elliot

Regarding your inquiry

Dear Henk Venter

We thank you for your valued enquiry for the measurement and control equipment and services as specified in your enquiry.

We are confident that should you choose Endress + Hauser as your partner you will benefit from the excellent balance between performance and cost which are a feature of our quality products and services.

Not all our products are instruments!

By choosing Endress + Hauser as your business partner, you will have selected long term reliability. Our skilled technical support organisation can offer you tailor-made service packages. Endress + Hauser have still more to offer. We would like to discuss with you and identify together how we can reduce your maintenance costs and at the same time, improve the availability of your measuring points and the performance of your process. This all starts with thorough consultation and advice during the engineering phase and continues up to and including the maintenance of your installed base.

To support your operational needs we can offer a 24 hour helpdesk, training, installation, commissioning, calibration, and several forms of maintenance contracts. Should you have any questions about our attached quotation please don't hesitate to call our sales engineers who will support you by telephone or with a personal visit. The direct dial number of your contact in our sales office is mentioned at the top of this quotation.

Yours Sincerely,

Endress + Hauser (Pty) Ltd.
