

Electromagnetic flow sensor mag-flux F4 in remote version

	MAG562	4	-	0	D	0	E	-	0	A	0	B	price
Design													- €
• remote, constant field													
Nominal diameter													
• DN 2 incl. 15m Cabel					D								1.885 €
• DN 4 incl. 15m Cabel					E								1.885 €
Connection and connection material													
G 1/8, mat. no. 1.4571					A								- €
Gasket material													
• Viton (FKM)									2				- €
• FFKM									3				180 €
Degree of protection													
• IP 65 / NEMA 4												B	- €
Further designs													
A10 • Measuring range < 10 l/h													175 €
B06 • with 3-point calibration certificate (up to DN600 bzw. Qmax <= 2000 m3/h)													50 €
B07 • with 6-point calibration certificate (up to DN600 bzw. Qmax <= 2000 m3/h)													75 €
B11 • tag plate inscription in english													- €
Y04 • silicone-free materials													87 €
Y17 • stainless steel tag plate													50 €
