### **Contact BIO2E**

14/22 Av. B. Thimonnier.

69300 Caluire.

Mr Bonjour is looking for a low cost flowmeter for water at 0.5 to 3l/mn with display. He is looking for no more than couple of hundred Euros! So I decline

### **Contact Mr VASSON** Géraud

Private contact.

He is looking for a flowmeter for water flow 0.1 to 2l/s low cost

Offer Troglux via A2012RH198

**Contact Micom**

28 Sherif st., Downtown

Cairo Egypt

Mrs Nabil contacts me for a project in Egypt for 9 magflux DN200/250/500 against Siemens  
I make best offer with A2012RH201

**Visit Imerys**

Saint Germer de Fly

They are making Tiles. Need flowmeter equivalent to SM6000 from IFM for kind of water painting but low flow 350ml/mn. Fluid is slightly abrasive and should have conductivity; Offer Magflux F5 however it is too big. Check if F4 would be better.

Finally offer F5 because all document available in French. F4 has only document in German.

**Contact ABCDE**

4 zi du champy

54210 Saint Nicolas

Mr Delettre is looking for a low flow (fluid about water) for agriculture application. From 3 to 75l/h. With 4-20mA output and accuracy about 1-2% max.

Make offer A2012RH206 with F5

**Contact TEXTILES WELL SA**

BATIMENT BAGATELLE

30120 LE VIGAN
