Mr Mongodin is looking for quote for 52 mechanical flowmeter for gas application for Brazil business. Type should be Tubux and FVA250 flange type.

Made offer A2012RH285

Finaly we lost it with only 1000€ difference of price against Krohne. Mr Mongodin said that they place the order to Krohne as they also need ultrasonic sensor. However they note our performance and high level of support. He will definitively contact us for next inquiry.
