

**For fast processes
Compact +
economic**

SCHMIDT® Flow Sensors for Air and Gases

- Massflow control
- Exhaust-air monitoring
- Compressed-air metering
- Passivation gas metering
- Combustion-air control

- For pipes from 25 to 1.000 mm
- Pressure max. 16 bar
- Temperature max. 350 °C

**Now with fieldbus interface,
Profibus DP and DeviceNet**

High precision sensor technology
and expertise in consultation
